1933-1934

BOARD OF EDUCATION AND OFFICERS
OF ADMINISTRATION

BOARD OF EDUCATION

ED. L. BERRY	- - - - -	<i>President</i>
C. C. BOUNDS	- - - - -	<i>Vice-President</i>
S. S. Ragland	- - - - -	<i>Secretary</i>
DR. T. E. FULLER		
DR. W _M . HIBBITTS		
P. S. HARDY		
JAMES E. STUART		

ADMINISTRATIVE OFFICERS

H. W. STILWELL	- - - - -	<i>President</i>
W. P. AKIN	- - - - -	<i>Dean</i>
E. L. HARVIN	-	<i>Faculty Business Manager of Student Activities</i>
CHARLES PARKER	- - - - -	<i>Secretary</i>
LUCILE WOODS	- - - - -	<i>Secretary</i>

FACULTY 1933-1934

W. P. AKIN—*Education*

B. S. Southern Methodist University, M. A. University of Texas

E. W. BENTLEY—*Physics and Chemistry*

B. S. North Texas State Teachers College, M. A. Peabody

LUCILE COUCH—*Biology and Sociology*

B. A. Baylor University, Graduate Work University of Texas and Chicago University

MARGRETA FENDER—*English and Public Speaking*

B. A. Trinity University, M. A. Columbia University

E. L. HARVIN—*Social Science*

B. A. Baylor University, M. A. University of Texas

LESLIE L. MELBERN—*Accounting and Economics*

B. A. Baylor University, M. A. Baylor University

SCOTTI MAE HINES—*French and Spanish*

B. A., M. A. University of Texas

B. W. MUSGRAVES—*Engineering Drawing*

B. S. East Texas State Teachers College, M. A. Texas Agricultural and Mechanical College

GLYDE PEAVY—*Librarian*

B. S. North Texas State Teachers College

B. S. in Library Science University of Illinois

CHARLES H. PUCKETT—*Mathematics*

B. A. Southern Methodist University, M. A. Texas Christian University

H. W. STILWELL—*Psychology and Ethics*

B. A., M. A. University of Texas

W. B. WOODSON—*Physical Training for Men and Coach*

B. A. Baylor University, B. P. E. Springfield College

PAUL UPCHURCH—*Student Laboratory Assistant*

RUTH MAYNOR—*Student Library Assistant*

ACADEMIC CALENDAR FOR 1933-1934

Friday and Saturday, September 8th and 9th—Entrance examinations.

Friday and Saturday, September 8th and 9th—Registration.

Monday, September 11th—Classes begin.

Saturday, November 11th—Armistice Day.

Thursday to Saturday, November 23rd-25th—Thanksgiving Holidays.

Friday, December 22nd—Christmas Holidays begin.

Tuesday, January 2nd—Classes resumed.

Thursday to Saturday, January 18th to January 20th—First Semester Examinations.

Monday, January 22nd—Registration for the Second Semester.

Tuesday, January 23rd—Classes for the Second Semester begin.

Thursday, February 22nd—Washington's Birthday.

Saturday, April 21st, San Jacinto Day.

Wednesday to Saturday, May 23rd to May 26th—Second Semester Examinations.

Sunday, May 27th—Baccalaureate and Commencement.

Saturday, June 2nd—Registration for the Summer Session.

Monday, June 4th—Classes for First Term Summer Session begin.

Friday and Saturday, July 13th and 14th—Examination First Term Summer Session.

Saturday, July 14th—Registration for Second Term Summer Session.

Monday, July 16th—Classes for Second Term Summer Session begin.

Friday and Saturday, August 24th and 25th—Examinations Second Term Summer Session.

GENERAL INFORMATION

The Texarkana College was established at Texarkana, Texas, in 1927. Six years of successful work have been completed. The enrollment has about doubled in this time. The college has furnished the opportunity for two years of college work to a large number of girls and boys who otherwise would not have had this advantage.

STANDING AND CLASSIFICATION. The Texarkana College has the highest ranking obtainable by this type of institution. In December, 1931, the college was accredited by the Association of Colleges and Secondary Schools of the Southern States. This distinction has been attained by only three other Municipal Colleges in Texas.

The College is also accredited by the Association of Texas Colleges, and is a member of the American Association of Junior Colleges.

The above ratings give the work done at the college full recognition at standard Senior Colleges and Universities.

The Texarkana College is rated as first class by the Department of Education of both Arkansas and Texas, and work done here is acceptable for teachers' certificates in both states.

CARE AND OVERSIGHT OF STUDENTS. Close personal supervision is given students by the faculty. This personal contact with the instructors is one of the chief advantages of the Municipal College. The College Faculty is at all times solicitous of the welfare of the student, taking an interest in the outside activities as well as in the regular class work.

STUDENT ACTIVITIES. Athletics, the College paper and year-book, the dramatic club, and other student organizations furnish an opportunity for the development of initiative and leadership among the students.

Strict adherence to the rules of the Texas Junior College Athletic Association is followed in participation in all athletic contests.

ADDITIONAL GENERAL INFORMATION. Any additional information may be obtained from the Dean of the College. Correspondence is welcomed.

TUITION AND FEES

Tuition, each semester, six courses.....	\$70.00
Tuition, each semester, five courses.....	67.50
Tuition for each course less than five, each semester.....	15.00
Matriculation, each semester (See explanation).....	5.00
Library Deposit and Fee (See explanation).....	3.00
Chemistry Deposit and Fee (See explanation).....	5.00
Physic Deposit and Fee (See explanation).....	3.00
Biology Deposit and Fee (See explanation).....	3.00
Student Activity Fee.....	3.00
Late Registration and Change of Course Fee.....	1.00

The Texarkana College is dependent for its source of income and support upon a tuition charge. The tuition charge is \$135.00 per year, payable in two payments, \$67.50 at the beginning of each semester. Monthly payments may be arranged by those making installment notes and paying a carrying charge for this service.

There is a matriculation fee of \$5.00 each semester, which is remitted to those students whose parents, residing within the Texarkana, Texas Independent School District, assist in the local taxes which they pay in the erection and equipment of the building.

A library fee of \$3.00 is charged to all students, \$2.00 of which is returnable at the end of the year if there has been no damage to books caused by the student, or if there have been no fines assessed for the violation of library regulations. \$2.00 of the science fee are returnable if there is no breakage or loss charged against the student. The student activity fee of \$3.00 will enable the student to attend athletic contests of the Texarkana College in Texarkana without further fees or admission. It also entitles the student to the college paper, The Kennel.

Tuition and fees are non-returnable except by special action of the Board of Education.

SCHOLARSHIPS, LOANS, JOBS. The College faculty cannot guarantee to find work for those students who wish to work for part of their college expenses, but it will do everything that it can to assist worthy young men and women to find such work.

A number of scholarships and loan funds are available for worthy students. The first honor graduate of fully affiliated high schools

is entitled to a free tuition for one year. The Rotary Club, The Business and Professional Women's Club, the Lone Star Chapter of the Daughters of the American Revolution, the Pan-Hellenic Society and Mrs. N. P. Sanderson maintain loan funds which are obtainable at a low rate of interest.

Students interested in loans, scholarship, or part time work should communicate with the Dean at as early date as possible.

REQUIREMENTS FOR ADMISSION

GENERAL REQUIREMENTS. To be admitted to the Texarkana College a student pledges himself on his honor neither to encourage or take part in either hazing or rushing during his college course.

He must present a certificate of successful vaccination or submit to vaccination at the time of his entrance.

SCHOLASTIC REQUIREMENTS. For entrance into the Freshman Class an applicant must present a transcript from a fully affiliated high school showing that the student graduated, and that he completed fifteen affiliated units of credit.

The prescribed units are:

English—3 units.

Mathematics—2 units.

Social Science—2 units. (At least one unit must be in history.)

Language—(Ancient or Modern)—2 units, or Science—2 units.

In addition to the prescribed units a sufficient number of units to make a total of fifteen must be offered from the list of subjects approved for affiliation by the State Department of Education of the states from which the students enter.

The transcript of the high school work should be presented before registration. It is better to send these transcripts in before the opening of college. Registration cannot be completed without this transcript.

ADMISSION FROM OTHER COLLEGES. A student seeking admission from another college must present: (1) a letter of honorable dismissal;

(2) a vaccination certificate; (3) a full statement of the work he has done including the work credited for entrance.

Additional information relative to entrance is set forth on pages 18 and 20 in the General Catalog, Volume Four, Number One.

REQUIREMENTS FOR GRADUATION

Sixty semester hours will be required for graduation. Of these sixty semester hours twenty-seven semester hours are required as follows:

English—12 semester hours.

Social Sciences—6 semester hours.

Biological or Physical Science—6 semester hours.

Government—201.

The remaining thirty-three semester hours may be chosen to meet the needs of the student.

In order to graduate, a student must have a total of 120 grade points on all work presented for graduation. No student will be allowed to graduate if more than 25 per cent. of his grades in courses presented for graduation are "D".

Grade points are awarded on the following basis:

Grade of A—4 points for each semester hour.

Grade of B—3 points for each semester hour.

Grade of C—2 points for each semester hour.

Grade of D—1 point for each semester hour.

GENERAL RULES AND REGULATIONS

1. LATE REGISTRATION. A fee of \$1.00 will be charged all students who enroll after the last registration day of any term.

2. CHANGE OF COURSE. After a student is once registered he may not change any of his courses except upon the permission of the Dean. A fee of \$1.00 will be charged for the change of any course. Ordinarily a course may not be begun or dropped under any circumstances after the second week of school.

3. ADDING AND DROPPING COURSES. After the first registration for the session a student may add a course only upon securing the approval of the Dean and the payment of a fee of \$1.00.

For sufficient cause, a student may drop a course at any time upon securing the consent of the Dean.

On the recommendation of the instructor concerned, and on the approval of the Dean, a student may be required to drop a course because of neglect or lack of preparation.

To drop a course without permission of the Dean means to sever one's connection with the College. Persistent absence from class amounts to dropping the course.

4. STUDENT LOAD. The normal load for a student is five courses. Less work usually leads to laxity of study habits, and a greater number of courses is likely to be an overload and result in the lowering of the standard of work. Students who desire to take either less or more than the normal load must secure the approval of the Dean, who will be governed entirely in the permission given for an irregular load by the requirements which may be approved from time to time by standard college practices.

5. CLASS ATTENDANCE AND ABSENCE. Regular and punctual attendance upon classes, laboratories, assemblies, conferences, and other exercises at which the student is due, is required.

Absences are reported weekly by the instructor to the Dean. Absences are also recorded by the instructor on his class report, which is filed with the Registrar at the end of the semester. Errors in the record of the absences of a student may be corrected in writing by the instructor concerned, if done promptly.

LOSS OF CREDIT HOURS. For each three unexcused absences in excess of six percent of the total number of class, laboratory, or other exercises at which the student is due each semester, one credit hour will be deducted from his total credit hours counted toward graduation and certificates.

GAIN OF CREDIT HOURS. Loss of credit hours because of absence may be offset in the following manner:

(a) Each free B above the C average for any semester, will offset nine absences for that semester. An A shall count as two B's.

(b) Not to exceed twenty-two credit hours per semester may be allowed to any student for absence incurred through actual participation in approved student activities which are under the direct supervision of some officer of the Faculty, such officer to report to registrar approved participation lists, together with the time of departure and return when out-of-town trips are made.

DROPPING FROM ROLLS BECAUSE OF ABSENCES. Persistent absence from classes, laboratories or other exercises, including assemblies and conferences at which the student is due, shall be sufficient cause for dropping him from the rolls of the College.

A student who is absent during any semester for more than one-fifth of the total number of exercises at which he is due during the semester is dropped from the rolls of the College for the remainder of the session, unless the Dean shall allow him to continue upon such conditions as the Dean may specifically set forth.

6. MARKING SYSTEM. The following marks will be used in estimating the quality of the work of the students:—A (excellent), B (Good), C (Fair), D (Pass), E (Failure), F (Bad Failure with privilege of continuing the course).

A student who makes the grade of E on any subject may secure credit for that subject without taking the subject over provided he is able to pass a second examination. This examination may be taken with the next examination of the same class or at special examinations set by the Dean and published by being posted on the official bulletin board. The second examination must be taken not more than twelve months after the student has received the grade of E. In order to be entitled to take the second examination a student must petition the Dean for the examination at least seven days before the time set for it.

In a course continuing beyond one semester, the instructor, at the end of the following semester, may, if in his opinion the circumstances warrant, raise an E of an earlier semester to a D because of good work done during the following semester, by sending to the Dean the proper credit notice for approval.

The satisfactory completion of special assignments submitted in writing by the instructor and approved by the Dean may remove a condition grade of "E".

The grade of a student who removes a condition by any method other than repeating the course becomes "D" in the course in which the condition has been removed.

In order to receive credit for a course upon which a student has made F, the course must be repeated.

7. **REPORTS.** Reports on the work of students will be sent to the parents at the end of the ninth week and at the end of the semester. It is to be understood that the report sent at the end of the ninth week covers the instructor's estimate of the student's work for the first nine weeks of the semester. It does not indicate that a student is certain to pass or to fail the course, but does enable the parent to judge the quality of the student's work during the first half of the semester. This mid-semester report will enable parents to know when students need extra attention in order to pass or to make better grades at the end of the semester.

In addition to these reports the College will at the end of the fifth and at the end of the fourteenth weeks notify all parents when the work of the students is not satisfactory.

Students who are over twenty-one years of age and who are attending college at their own expense, by applying to the Dean, may receive their reports.

8. **SEMESTER EXAMINATIONS.** At the end of each semester there will be given a semester examination of three hours in length. The purpose of this examination is to lead the student to make a general review of the whole course, and to reveal how well he can use the knowledge which he has obtained of the course. The examination given at the end of the year will cover the work of both semesters. This means that examinations, as well as class tests and quizzes, may be cumulative. On all written examinations, either term or monthly, the student's use of English as well as the general form of his paper will be taken into account in making up the grade.

9. **ABSENCE FROM TERM EXAMINATION:** Any student absent from a semester examination will not receive credit for the course whose examination he misses. If his absence has been due to sickness or to other imperative causes, upon the approval of the Dean, he may be permitted to take a postponed examination. The permission of the Dean should be secured for the postponed examination before the absence, if at all possible, and if not possible then immediately after the examination. The postponed examination will be given either at a time set by the Dean and advertised on the official bulletin board, or at the time of the next regular examination period. A postponed examination must be taken within one year after the first examination.

was missed. Students expecting to take postponed examinations at any time must notify the Dean at least seven days ahead of the scheduled examination of their specific intention to take the examination.

10. INCOMPLETE CLASS WORK. If a student is unable on account of sickness or other imperative causes to complete the class work of any course before the term examinations, he may petition the Dean to permit him to complete the course after the examination. If this petition is granted, the work must be completed within one year, and credit will be allowed at the discretion of the instructor. When students are granted permission to postpone the completion of the class work in any subject, they must take the examination at the regular time scheduled unless in the opinion of the Dean the examination ought also to be postponed.

11. SPECIAL OBSERVATION. Any student who fails at the end of any term to pass in at least 50 per cent. of his work will be readmitted in the succeeding term only after special conference of the student and parents with the President and Dean and only upon approval of both President and Dean. When students are so re-admitted, they will be placed under special observation for such length of time as the Dean may think necessary. During the time of this special observation, weekly reports will be mailed to parents of the student's progress in his college courses. During this time, if a student is absent from class without excuse or in any wise neglects his work, at the discretion of the President and Dean, he may be immediately dropped from the roll.

Students for neglect of work, absence, or other causes deemed advisable, may, at the discretion of the President and Dean, be placed on special observation, and remain in school on the condition that they meet the special requirements which the Dean and President deem advisable.

12. GENERAL REGULATION. In general students will be expected to control themselves as young men and young women from cultured, well reared families should act. Any improper conduct will be handled by the Dean as the circumstances seem to demand. If specific rules and regulations become necessary, they will be announced from time to time.

CERTIFICATES TO TEACH SCHOOL

Certificates to teach school are granted by both the State Department of Education of Texas and the State Department of Education of Arkansas, based on the work completed in the Texarkana College. Students desiring to secure certificates should confer with the Dean in making out their course of study. In this way the requirements of the certificate which they desire to secure will be met.

SUGGESTED COURSES OF STUDY

The following arrangements of courses meet the requirements of representative universities and professional schools.

ARTS AND SCIENCE—Leading to A. B. Degree

FRESHMAN

English 101ab.....	6 hrs.
Mathematics.....	6 hrs.
Foreign Language.....	6 hrs.
History.....	6 hrs.
Science.....	6 hrs.

SOPHOMORE

English 201ab.....	6 hrs.
Foreign Language.....	6 hrs.
Government.....	3 hrs.
Psychology or Ethics.....	3 hrs.
Electives.....	12 hrs.

PRE-MEDICAL

English 101ab.....	6 hrs.
Chemistry 101ab.....	8 hrs.
French 101ab.....	6 hrs.
Biology 101ab.....	6 hrs.
Elective.....	6 hrs.

English 201ab.....	6 hrs.
Physics 101ab.....	8 hrs.
Psychology 201.....	3 hrs.
Government.....	3 hrs.
French 111ab.....	6 hrs.
Elective.....	6 hrs.

PRE-LAW

English 101ab.....	6 hrs.
History 101ab.....	6 hrs.
Mathematics.....	6 hrs.
Science.....	6 hrs.
Electives.....	6 hrs.

English 201ab.....	6 hrs.
History 201ab.....	6 hrs.
Government.....	3 hrs.
Economics 201ab.....	6 hrs.
Psychology.....	3 hrs.
Accounting 201ab.....	8 hrs.

PRE-ENGINEERING COURSE

English 101ab.....	6 hrs.	English 201ab.....	6 hrs.
Chemistry 101ab.....	8 hrs.	Economics 201ab.....	6 hrs.
Mathematics.....	6 hrs.	Government 201.....	3 hrs.
Physics 101ab.....	6 hrs.	Mathematics 201ab.....	6 hrs.
Drawing 101-102.....	6 hrs.	Electives.....	9 hrs.

PRE-BUSINESS ADMINISTRATION

Mathematics.....	6 hrs.	English 201ab.....	6 hrs.
Science.....	6 hrs.	Science.....	6 hrs.
English 101ab.....	6 hrs.	Government.....	3 hrs.
History.....	6 hrs.	Psychology.....	3 hrs.
Elective.....	6 hrs.	Accounting 201ab.....	8 hrs.
		Economics 201ab.....	6 hrs.

FOR B. S. DEGREE

Science, Mathematics and electives may be substituted for Foreign Language.

JOURNALISM AND LIBRARY

The requirements for the Journalism and Library Courses are the same as for the Arts and Science Course in the Freshman and Sophomore years.

COURSES OF STUDY

The College year is divided into two semesters for the long session and two terms of six weeks each for the summer session. The semester in which the course is regularly offered is indicated. In no case will courses be offered for which there is not sufficient demand. As a rule, a registration of ten students will be required in any course for it to be offered.

Courses numbered from 100 to 199 are primarily freshman courses. Second year students may be allowed to take some courses in this group. However, the major portion of a second year student's work should include courses numbered from 200 to 299. In general, these courses are for second year students and are not open to freshmen. However, in special cases where the prerequisites have been met, first year students may be permitted to take such courses upon the recommendation of the instructor in the course and with the approval of the Dean.

COMMERCIAL

ELEMENTARY TYPING I. A non-credit course, giving the student a workable knowledge of the subject. Five hours per week. *Fall and Spring.*

ELEMENTARY SHORTHAND I. A non-credit course, given for those who want the practical work in stenographic subjects. Five hours per week. *Fall and Spring Terms.*

BUSINESS ADMINISTRATION 201a. *Principles of Accounting*—Uses of accounting; interpretation of financial statements; the accounting process; sole ownership; partnership, and simple corporation accounting. Prerequisite: Sophomore standing. Three discussions and four hours laboratory. Four semester hours. *Fall Term.*

BUSINESS ADMINISTRATION 201b. *Principles of Accounting*—The second semester work of Business Administration of 201a. Prerequisite: Business Administration 201a. Four semester hours. *Spring Term.*

DRAWING

ENGINEERING DRAWING 101. Mechanical drawing, freehand lettering, orthographic projection, pictorial methods, and working drawings. Two lectures a week and seven hours of supervised drafting. Three semester hours. *Fall Term.*

DESCRIPTIVE GEOMETRY 102. Includes developed surfaces, intersections, and auxiliary views in addition to the point line and plane problems. Three lectures a week and six hours of supervised problem work. Prerequisite: Drawing 101. Three semester hours. *Spring Term.*

EDUCATION

EDUCATION 101. *Introduction to Education*—Brief survey of the field of Education. The teacher and the profession. The American school system including the background and development, administrative organization, and supervision. Classroom management. Three semester hours. *Fall Term.*

EDUCATION 102. The continuation of the study of Introduction to Education. The pupil, the learning and teaching process, materials of instruction, tests and measurements, and philosophy and meaning of education. Three semester hours. *Spring Term.*

EDUCATION 201. *Educational Psychology*.—A study of some of the topics in educational psychology which relates most directly to an understanding of the learning processes and the conduct of children. The phases of psychology that throw light on and furnish a rational basis for the methods of teaching. Three semester hours. *Fall Term.*

EDUCATION 202. *Principles of Teaching in the Elementary Grades*.—^{The elementary} A study of the problems of curriculum and methods of teaching. Selection of subject matter. Lesson plans. Demonstration lessons. Observation in the elementary schools. Three semester hours. *Spring Term.*

ENGLISH

NOTE: An attempt will be made to sectionize Freshman English students so that those who do not need drill in the mechanics of English will be relieved of this work, and those that need emphasis

on this type of work will have the opportunity to receive such drill.

ENGLISH 101a. *Rhetoric and English Composition.*—Study of the principles of good writing principally in exposition and narration; analysis and discussion of prose masterpieces. Weekly essays. Collateral reading. Three semester hours. *Fall and Spring Terms.*

ENGLISH 101b. *Rhetoric and English Composition.*—Continuation of English 101a, with attention given to description, and to expository, argumentative, and persuasive writing. Analyses and discussion of prose masterpieces. Weekly essays. Collateral reading. Three semester hours. *Fall Term.*

ENGLISH 201a. *Survey of English Literature.*—Survey of English literature from the beginning of 1750. Study of prose and poetry of the periods covered, with selection of Old English in translation. Collateral reading. Two original essays. Three semester hours. *Fall Term.*

ENGLISH 201b. *Survey of English Literature.*—Continuation of English 201 a. Survey of English literature from 1750 to the present time. Study of masterpieces of prose and poetry. Collateral reading. Two original essays. Three semester hours. *Spring Term.*

ENGLISH 103. *Public Speaking.*—Foundation course in delivery. Delivery of declamations and extempore speeches to the class as an audience. Parliamentary procedure and committee work. Three semester hours. *Fall and Spring Term.*

ENGLISH 202ab. *Survey of World Literature.*—Possible alternative for English 201ab.

FOREIGN LANGUAGE

Note: Such courses from the following list will be given as the demand justifies.

FRENCH 101a. *Beginner's French.*—Fall term's work in Beginner's French. Pronunciation. Practice in conversation. Reading and writing French. The essentials of French Grammar. Three semester hours. *Fall Term.*

FRENCH 101b. *Beginner's French.*—Continuation of French 101a, Three semester hours. *Spring Term.*

FRENCH 111a. *Composition and Reading.*—Fall term's work in a second year course in French. Oral and written French composition.

Principles of grammar. Easy prose. Prerequisite: French 101ab or two units of high school French as entrance units. Three semester hours. *Fall Term.*

FRENCH 111b. *Composition and Reading.*—Continuation of French 111a. Representative works in French fiction and prose. General outline of history of French literature. Three semester hours: *Spring Term.*

SPANISH 101a. *Beginner's Spanish.*—Fall term's work in Beginner's Spanish. Pronunciation. Conversation. Reading and writing Spanish. Recitations conducted in Spanish. Three semester hours. *Fall Term.*

SPANISH 101b. *Beginner's Spanish.*—Continuation of Spanish 101a. Three semester hours. *Spring Term.*

SPANISH 111a. *Grammar, Reading, Composition.*—Fall term's work in a second year course in Spanish. Recitations conducted in Spanish. Open to students who have completed 101ab or who have presented two high school units of Spanish in their entrance credits. Syntax and construction. Oral and written reproduction. Short stories, dramas, and novels. Outside reading. Three semester hours. *Fall Term.*

SPANISH 111b. *Grammar, Reading, Composition.*—Continuation of Spanish 111a. Three semester hours. *Spring Term.*

SPANISH 201a. *Contemporary Literature.*—Fall term of a third year course in Spanish. Modern Spanish novels, dramas, and lyrics. Conversation. Composition. Assigned collateral reading. Prerequisite: Spanish 111ab, or three units of high school Spanish. Three semester hours. *Fall Term.*

SPANISH 201b. *Contemporary Literature.*—Continuation of Spanish 201a, being the work of the spring term. Three semester hours. *Spring Term.*

MATHEMATICS

MATHEMATICS 100. *College Algebra.*—Review factors, exponents, radicals, quadratic equations, theory equations, progression, binomial theorem, and logarithms. Three semester hours. *Fall and Spring Terms.*

MATHEMATICS 101. *Plane Trigonometry*.—For Freshmen who did not have plane trigonometry in high school. Three semester hours. *Spring Term*.

MATHEMATICS 102. *Introductive to Analytic Geometry*.—Cartesian co-ordinates. Plotting curves from their equations. The analytic geometry of the straight line and the circle. Polar co-ordinates. Three semester hours. *Fall Term*.

MATHEMATICS 201a. *Calculus*.—Functions and their graphs. Slope of a curve. Increments and limits. Derivatives and applications of derivatives. Three semester hours. *Fall Term*.

MATHEMATICS 201b. *Calculus*.—Continuation of Mathematics 201a. Integration. The definite integral. Applications of summation. Double and triple integrals. Taylor's formula. Three semester hours. *Spring Term*.

PHILOSOPHY and PSYCHOLOGY

PSYCHOLOGY 201. *Introduction to Psychology*.—A survey of the field of general psychology. Prerequisite: Sophomore standing. Three semester hours. *Fall Term*.

PHILOSOPHY 202. *Ethics*.—A beginning discussion of the history of ethical theory in relation to concrete problems of personal and social morality. Prerequisite: Sophomore standing. Three semester hours. *Spring Term*.

SCIENCE

BIOLOGY 101a. *General Biology*.—An introductory course designed for those who wish to meet the degree requirements in biological sciences. The morphology and physiology of representative plants and animals. Three lectures, recitations, and quizzes; three hours laboratory each week. Four semester hours. *Fall Term*.

BIOLOGY 101b. *General Biology*.—General biological problems. Principles of hygiene and sanitation. Study of local flora and fauna. Three lectures, recitations, and quizzes; three hours laboratory each week. Four semester hours. *Spring Term*.

CHEMISTRY 101a. *General Inorganic Chemistry*.—The fundamental principles of pure chemistry. Three lectures, recitations and quizzes; four hours laboratory each week; one hour drill. Four semester hours. *Fall Term*.

CHEMISTRY 101b. *General Inorganic Chemistry.*—Continuation of Chemistry 101a. Applied and descriptive Chemistry. Qualitative analysis. (Note: Chemistry 101ab satisfies the requirements for general chemistry for admission to Class A medical colleges.) Three lectures, recitations, and quizzes; four hours laboratory each week; one hour drill. Four semester hours. *Spring Term.*

PHYSICS 101a. *General Physics.*—The fall term of a general course in physics. Prerequisite or parallel: Mathematics 101. Three lectures, recitations, and quizzes; four hours laboratory each week. Four semester hours. *Fall Term.*

PHYSICS 101b. *General Physics.*—Continuation of Physics 101a, being the spring term's work of a general course in Physics. Three lectures, recitations, and quizzes; four hours laboratory each week. Four semester hours. *Spring Term.*

SOCIAL SCIENCES

HISTORY 101a. *History of England.*—A general survey of the social, economic, constitutional, and educational development of Great Britain. Recommended for pre-law students and those expecting to major in English. Three semester hours. *Fall Term.*

HISTORY 101b. *History of England.*—Continuation of History 101a. Three semester hours. *Spring Term.*

HISTORY 111a. *Modern European History.*—A general survey course of the history of Europe during the modern period—1500 to the present. The growth of nationalism, the periods of the renaissance, and protestant revolt, dynastic and colonial rivalries, the revolutionary period, democracy and imperialism in the nineteenth century, the World War and related subjects will be covered in this course. Three semester hours. *Fall Term.*

HISTORY 111b. *Modern European History.*—Continuation of History 111a. Three semester hours. *Spring Term.*

HISTORY 201a. *History of the United States.*—Discovery, exploration, and settlement. Political and economic development. The formation of the Nation. The Constitution. Territorial expansion.

Slavery and its problems, issues, and compromises. Three semester hours. *Fall Term.*

HISTORY 201b. *History of the United States.*—Continuation of History 201 a. The Civil War. Reconstruction. Monetary system. Commerce, trusts, and the tariff. Industrial expansion. America as a World Power. International relations of the present. Three semester hours. *Spring Term.*

ECONOMICS 201a. *Principles of Economics.*—The fall term of a general and basic study of economics. Production, distribution, and consumption of the world's wealth. Economic problems in modern society; prices, money, banking, foreign exchange, the tariff, corporate organization of industry, monopoly, speculation, crises, labor unions, co-operation, railways, and taxation. Three semester hours. *Fall Term.*

ECONOMICS 201b. *Principles of Economics.*—Continuation of Economics 201a, being the spring term's work of a general course in economics. Three semester hours. *Spring Term.*

GOVERNMENT 201. *American Government.*—The federal and state constitutions; political parties; organization, procedure, and powers of the branches of both national, state, local, and municipal government. This course will meet the requirements of the Texas law on the teaching of the federal and Texas constitutions. Three semester hours. *Fall or Spring Term.*

Note: History 201a, Economics 201ab, and Government 201 may not all be given the same year, but such courses will be organized as the demand justifies.

SOCIOLOGY 201. An introductory course in the scientific study of society. Some of the simpler relationships of daily living are analyzed and used as illustrative material in the study of the social structure. Study of principles involved in the development of the family, the state, and other important social institutions. Three semester hours. *Fall or Spring Term.*
